Intense Massage with Wooden Rails

Dual-Directional Photoelectric Drum System

The advanced dual-sided drum system is designed to provide targeted stimulation to specific areas of the body. The user can maximize the massage effect by assuming the ideal body position for the selected area.

High-precision photocells positioned under the drum detect even the slightest movement and immediately stop the drum's rotation to prevent potential risks, ensuring maximum safety.

Ergonomics and Comfort with Natural Wooden Details

The railings in the massage area are made from beech wood, known for its durability. Not only are they aesthetically pleasing, but they also provide a natural and comfortable feel when in contact with the skin. They balance the sensation of warmth during use, providing a natural touch.

Technical Details

Voltage	: 220 V – 50/60 Hz
ORZA Roll Motor Power	: 1 kW
IR Heater Power	: 1600 W x1
Maximum Load Capacity	: 105 kg
Dimensions (H x W x D)	: 60 x 80 x 60 cm
Operating Temperature Range	: +50°C / -5°C

Infrared Roller Massage, Magical Rolling

Roller Massage Technology: Stimulates Lymphatic Circulation

The wooden roller massage system is based on the principle lymphatic drainage.

- Stimulates circulation beneath the skin
- Reduces the appearance of cellulite
- Supports the breakdown and elimination of excess fat

***This method is an effective, natural, and scientific solution for achieving aesthetic and health goals.*

Infrared Heat Therapy: Deep Impact

The infrared heaters integrated into the device penetrate deep into the skin's lower layers.

- Increases sweating
- Increases blood flow to tissues
- Activates metabolism
- Supports localized fat burning

***The combination of heat therapy and lymphatic massage helps the skin appear firmer, smoother, and more vibrant.*

Office and General Services:
Monday – Friday: 9:00 AM – 6:00 PM
Saturday: 9:00 AM – 4:00 PM
Sunday: Closed

24/7 Technical Support Service: We provide technical support 24 hours a day, 7 days a week. You can contact us at any time in case of an emergency.
